

Геймификация DAY 1

Наталия Чекурова

Геймификация – это применение игровых элементов в «серьезных», то есть неигровых, процессах.

- позволяет сделать процесс изучения иностранного языка более интересным и менее скучным
- в процессе игры материал запоминается лучше, легче, без лишних волевых усилий
- во время игры появляются дополнительные положительные эмоции, которые не только улучшают процесс запоминания, но и повышают мотивацию.
